RADIGREEN® LANDSCAPE EXCELLENCE

CREATIVITY AND EXPERTISE:

RADIGREEN® LANDSCAPE EXCELLENCE high-end yarns come from the know-how of the R&D Radigreen team, a group of qualified experts. Yarn formulations are the result of creativity, a key element in this sector, backed by a strong competence in the polyolefin and polyamide fields. Through strict relation with customers and final users we constantly work to understand new market needs and provide the right solutions.

DURABILITY:

RADIGREEN® LANDSCAPE EXCELLENCE yarns are highly resistant to degradation effects caused by sun rays and maintain their physical and mechanical characteristics over time, brilliantly passing laboratory tests XENOTEST, QUV (EN 4892) and LISPORT (EN13672).

NATURAL LOOK AND ECO-FRIENDLINESS:

RADIGREEN® LANDSCAPE EXCELLENCE distinctive colour mix give the turf a natural look, excellent aesthetics in every season at low maintenance costs.

The turf made with RADIGREEN® LANDSCAPE EXCELLENCE will provide years of enjoyment with no need for watering, herbicides or chemical pesticides.

SAFETY:

RADIGREEN® LANDSCAPE EXCELLENCE fibers are lead free guaranteed: independent laboratories test our yarns according to toy safety regulations as for heavy metals and toxic substances. RADIGREEN® LANDSCAPE EXCELLENCE can be safely used in every circumstance, without restrictions for all the applications in the leisure world for adults and children.

RADIGREEN® LANDSCAPE CLASSIC

RADIGREEN® LANDSCAPE CLASSIC yarns are particularly suitable for decorative synthetic turf or for easy-to-lay home indoor or outdoor applications (balconies, terraces, swimming pool edges) or commercial surfaces (exhibition stands, show rooms).

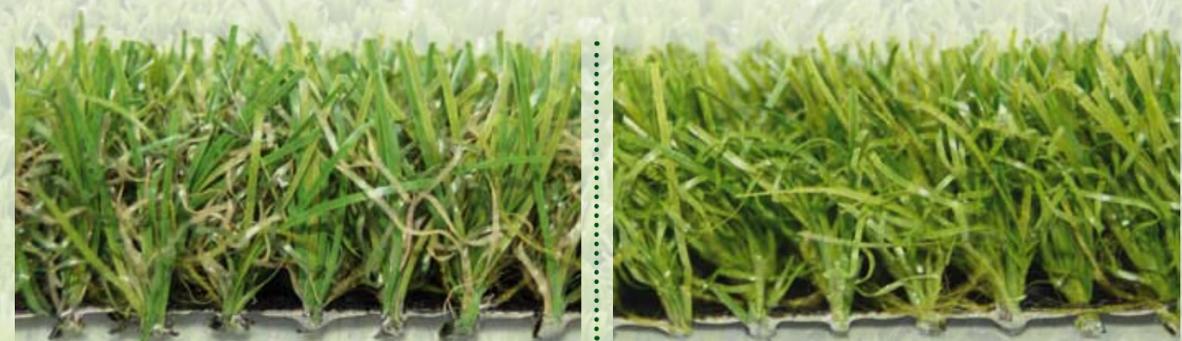

RELIABILITY:

the RADIGREEN® LANDSCAPE CLASSIC standard colour range is always available and has good UV stability. From blue to yellow, from red to beige, carpet made with RADIGREEN® LANDSCAPE CLASSIC is synonymous with safety and style.

COST-EFFECTIVENESS:

the price of RADIGREEN® LANDSCAPE CLASSIC articles is the result of experience gained over the years which allowed to optimize the production of traditional articles to the benefit of customers.
