

Comfortable and stain resistant

Take it easy

Enjoy your textile flooring

This is Radifloor® **Vita**, a new yarn family by RadiciGroup that will satisfy your desire to create cosy textile flooring. A solution which combines well known advantages of textile floors like, walking comfort and noise reduction with softness and elegance. All this combined with outstanding stain resistance. It is a perfect product for a demanding residential market. Are you ready to discover it?

Outstanding performance

Radifloor® Vita is a range of PA6 BCF soft yarns, high valuable products because of their excellent **softness**, stain resistance properties and **easy cleanliness**. The inherent stain resistance of the yarn will remain unchanged during the whole lifetime through production, maintenance and in use phases. The textile flooring can be easily cleaned simply by water.

Unleash your creativity with Radifloor® Vita

This product range is dyed in a **one-step dyeing process** in which colour masterbatches are added to the raw polymer before it is extruded into fibres.

It guarantees excellent product characteristics in:

- **colour fastness;**
- **colour uniformity;**
- **colour brightness;**
- **replicability of the colours.**

Why choose Radifloor® Vita?

stain resistant

Stain accidents can be removed simply using water (tested according to AATCC test method 175, from ISO 13750).

soft and colourful

Its premium touch gives a unique feeling of comfort and a modern colour line provides plenty of shades.

long lasting

It is easy to maintain, its exclusive aspect lasts longer.

wellbeing

It is a product family ideal for comfort and easy maintenance.

Why is Radifloor® Vita sustainable?

- Carpets made in Radifloor® Vita are easy to maintain, and **durable**.
- It is a PA6 BCF **solution dyed** yarn, this means **less water** and **less energy consumption** during the production process.
- Its spinning process is powered by **green energy** only, as it comes from renewable sources.
- It is **recyclable**.
- Its production is managed with '**make to order**' **approach**, that helps to **reduce waste**.

Product range

Radifloor® Vita is available in **many different colours**. The colour range includes natural and warm tones as well as vibrant and lively colours. The yarn is especially developed to create textile flooring with a soft comfortable feeling.

Plenty of options are available to **combine and process the yarns** (cable, twist, heatset - straight and frieze).

The range is available in two versions:

- 1020f128 dtex – 8 dpf
- 900f200 dtex – 4.5 dpf

Advantages of co-branding with RadiciGroup

RadiciGroup is available for cooperation in order to associate the Radifloor® Vita brand to textile flooring collections.

The co-branding:

- unlashes creativity;
- grants transparent supply chain and traceability of products;
- is an example of sustainability for the market;
- ensures a deeply-rooted know-how in synthetic fibres.
